

**District-Issued Device Insurance Acceptance or Waiver
2022-2023 School Year**

The School District of the Menomonie Area is offering an *optional* insurance plan for district-owned mobile devices issued to students as part of the 1:1 M-Powered Learning Initiative. Enrolling in the insurance plan for **\$25/school year** protects you from the cost to repair or replace your district-issued device by limiting you to a per-occurrence deductible in the event of theft or accidental damage. To replace a stolen device, a police report must be filed. A device that is lost by a student or not returned upon leaving school is not covered by the insurance. Any manufacturer defects (as determined by the District) are automatically covered for no cost.

Students who are not enrolled in the insurance program will be charged for replacement or any repair costs necessary. Repairs on District devices must be performed at the District. Replacement devices and accessories must be purchased at the District. The estimated cost of a replacement Chromebook is currently \$240.

Coverage begins from the date of purchase through the end of the school year or un-enrollment of the student. **Coverage will be void if the device is not in the provided always-on case in the proper manner.**
